

Cable Clear® is your ultimate safe solvent for removal of fiber optic gel and cable flooding compounds.

Cable Clear® is **100% petroleum free and uses a natural, safe, and renewable citrus terpene** to dissolve and remove gels and flooding compounds. It also has a pleasant odor, high flash point, does not freeze, and is safe to use in confined spaces.

Cable Clear is an excellent alternative to dangerous solvents and petroleum-based cleaning agents. It **minimizes irritation to workers and does not harm the environment.**

Independent lab testing and field usage show Cable Clear to be **highly effective and cleans without detrimental effects** on cladding and tubing.

Cable Clear's slower evaporation rate and high solvency power allows more

cables to be cleaned and fanned with less product to **minimize waste, save time, and decrease total cost.**

- Residue Free**
- Non-Toxic / Non-Corrosive**
- Biodegradable / Renewable**
- No Petroleum Distillates**
- No Chlorinated Solvents**
- Fresh Citrus Scent**

AVAILABLE PRODUCTS

Item #BF1225 - 32 oz Can (4/cs)
Item #BF1221 - 1 Gallon Can (4/cs)

APPLICATIONS

Removes Gels and Flooding Compounds From:

- Buffer Tubes
- Ribbon Cables
- Coaxial Cables
- Connectors
- Tools and Work Surfaces

A WHOLLY OWNED
SUBSIDIARY OF

Replacing hazardous solvents without compromising effectiveness.

DIRECTIONS

1. Remove plastic outer jacket from cable.
2. Apply Cable Clear® to a cloth rag or apply directly on area to be cleaned.
3. Wipe cable clean with a twisting motion.

NOTE: Not intended for cleaning hands. The use of nitrile gloves is recommended to prevent dryness and possible irritation after prolonged use.

Item #	BF1225, BF1221
Physical State:	Liquid
Net Contents:	32 oz, 1 gal
Container Types:	Steel Can - 32 oz
	Steel Can - 1 gal
DOT Shipping Name	Not Regulated
Exemption	49 CFR 173.120 (b) (2)
	49 CFR 173.150 (f) (1)

Scent:	Orange Citrus
Color:	Light Yellow
Flash Point:	124°F (51°C)
Boiling Point:	348°F (176°C)
Freezing Point:	-112°F (-80°C)
Base Type:	Terpenes
Solvency/KB	95
pH:	Not Applicable
Restricted from Sale:	None
California Prop 65 Warning:	None
California Prop 65 Warning:	None

DANGER: Flammable liquid and vapor. May be fatal if swallowed and enters airways. Causes skin irritation. May cause an allergic skin reaction.

PREVENTION: Do not handle until all safety precautions have been read and understood. Keep away from heat, hot surfaces, sparks, open flames, and other ignition sources. No smoking. Ground / bond container and receiving equipment. Use explosion-proof ventilating, lighting, electrical equipment. Use only non-sparking tools. Take precautionary measure against static discharge. Avoid breathing vapors, spray, mist, gas. Wash hands, forearms and face thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Take off contaminated

clothing and wash it before reuse. Wear eye protection, face protection, protective clothing, protective gloves.

RESPONSE: IF SWALLOWED: Immediately call a doctor or poison center. Do NOT induce vomiting. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water / shower. If on skin: Wash with plenty of soap and water. If skin irritation or rash occurs get medical advice/attention. Specific treatment (see first aid instructions on this label). In case of fire: Use alcohol resistant foam, Carbon dioxide (CO₂), dry extinguishing powder, dry sand, dry chemical to extinguish.

STORAGE: Keep container tightly closed. Store locked up in a cool, well-ventilated place.

DISPOSAL: Dispose of contents / container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.
